Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Monday, April 22, in Room 108, Landon State Office Building, 900 S.W. Jackson, Topeka, to consider the adoption of proposed rules and regulations of the Department of Administration, Division of Personnel Services.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Administration, Room 263-E, State Capitol, 300 S.W. 10th Ave., Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Faith Loretto at (913) 296-6000 [TTY (913) 296-4798]. Handicapped parking is located on the south end of Landon State Office Building, and the north entrance to the building is accessible.

Summaries of the proposed regulations and their economic impact follow.

Article 1 is being revised to combine the responsibilities of the Division of Personnel Services into one regulation. These changes are in response to the governor's request to review and streamline regulations where possible. K.A.R. 1-1-1 is being revised, while K.A.R. 1-1-2, 1-1-3 and 1-1-4 are being revoked. There would be no economic impact on state agencies caused by the amendments to these regulations.

K.A.R. 1-2-53 is being revoked because "permanent employee" has no meaning in the regulations under SHARP. K.A.R. 1-2-57, 1-2-71, 1-2-72 and 1-2-88 are being revised to fine-tune the definitions. State employees will not be affected by the changes to these revised or revoked regulations. There would be no economic impact on state agencies caused by the amendments to these regulations.

K.A.R. 1-3-1, 1-3-3 and 1-3-4 are being revoked to accommodate the governor's 1995 request to review and streamline regulations where possible. These regulations are self-regulating and are not necessary for the division to perform its duties. State employees will not be affected by the changes to these revised regulations. There would be no economic impact on state agencies caused by the amendments to these regulations.

K.A.R. 1-4-2 is being revised and K.A.R. 1-4-6 is being revoked. Both the revision and the revocation are in response to the governor's 1995 request to review and streamline regulations where possible. State employees will not be affected by the changes to these revised regulations. There would be no economic impact on state agencies caused by the amendments to these regulations.

The regulations in Article 5 have been revised to accommodate the governor's 1995 request to review and streamline regulations where possible. The main features of K.A.R. 1-5-1, 1-5-2, 1-5-3 and 1-5-6 are being combined into one regulation. K.A.R. 1-5-7 is being revised to eliminate unnecessary and repetitive language. There would be no economic impact on state agencies based on this change. K.A.R. 1-5-12 is being revised to clarify that unclassified employees who are appointed to classified positions may be paid at a higher step in the pay grade if they have exceptional qualifications, as it is for classified employees. K.A.R. 1-5-15 is being revised to eliminate language referring to a regulation that is being revoked. K.A.R. 1-5-22 is being revised to clarify that the Secretary of Administration must give prior approval for all multiple appointments exceeding 100 percent. K.A.R. 1-5-24 is being revised to clarify that a non-exempt employee's compensatory time balance must be zero before becoming an exempt employee. K.A.R. 1-5-26 is being revised to clarify that only non-exempt employees qualify for stand-by compensation. There will be no fiscal impact based on the changes to these regulations. K.A.R. 1-5-28 is being revised to distinguish that the only time shift differential to be paid is for regularly scheduled time worked between 7 p.m. and 7 a.m. This change allows the state to be consistent in its administration of shift differential pay. The agency estimates that there could possibly be some cost savings for the state based on this change. Employees in some agencies currently receive shift differential for all hours on a shift even if only a portion of the shift qualifies for shift differential. With this change, only the hours worked between 7 p.m. and 7 a.m. will count for shift differential. However, some agencies' shifts may fit into this time frame and some may not, so it is difficult to estimate a fiscal savings.

The regulations in Article 6 have been revised to accommodate the governor's 1995 request to review and streamline regulations where possible. K.A.R. 1-6-22a is being revised to add federally approved apprenticeship programs to the list of training classes to be designated by the director. There is no economic impact on state agencies based on these changes. K.A.R. 1-6-23 is being revised to clarify language. K.A.R. 1-6-24 is being revised to delete self-directing language and change the term "permanent employee" to "employee with permanent status," because "permanent employee" is no longer being used in the regulations, or in the SHARP system. K.A.R. 1-6-31 is being revised for self-directing language. There is no economic impact based on these changes.

K.A.R. 1-8-1 and 1-8-7 are being proposed to be revoked to accommodate the governor's 1995 request to review and streamline regulations where possible. K.A.R. 1-8-5 is being revised to eliminate language that refers to a regulation that is being revoked. There is no fiscal impact on state agencies based on the changes.

K.A.R. 1-9-9, 1-9-15 and 1-9-16 are being revoked and 1-9-19a is being revised to accommodate the governor's 1995 request to review and streamline regulations where possible. There is no fiscal impact on state agencies based

on these changes.

Changes in K.A.R. 1-9-2 address payment and time off for holidays worked and not worked. Currently, employees receive holiday "credit" for each holiday which can be paid or given as time off. The revision allows for holiday "leave" to be given for each observed holiday which must be used on the holiday, if it is a part of the employee's regular work schedule, used before the end of the fiscal year, or forfeited. This will ensure that each employee receives time off from work for every holiday. This change could also result in a cost savings for some agencies who currently pay the employee the holiday credit instead of granting time off. The revision will not allow an agency to pay for that time. Exempt employees will receive a "day" of holiday leave and non-exempt employees will receive up to a maximum of eight hours of holiday leave. Non-exempt employees will still receive pay at the time-and-a-half rate for all hours worked on a legal holiday, but exempt employees will receive one-half day off in addition to their regular salary for time worked on a legal holiday. Currently, if an employee works on a legal and an observed holiday, in succession, the employee receives the time-and-a-half rate for only one of the days worked. The new language determines on which day an employee may receive holiday leave (observed) and holiday pay at the time-and-a-half rate (legal). This could be a cost savings for some agencies who have different employees work on back-to-back legal and observed holidays. Currently, all of those employees would receive time-and-a-half for working on either of these days. The revision would only allow the payment of timeand-a-half for those working on the legal holiday. The rule regarding the same employee working both the legal and observed holidays remains the same; the employee would only receive time-and-a-half for one of the two days

K.A.R. 1-9-23 is being revised to eliminate the leave share review committee. K.S.A. 1995 Supp. 75-5549 eased the standards required to receive shared leave, thus rendering the leave share review committee virtually powerless and unnecessary. There is no fiscal impact on state

agencies based on these changes.

K.A.R. 1-9-27 is a proposed new regulation implementing the Family and Medical Leave Act of 1993 (FMLA). State employees may be affected by this new regulation because it mandates that employees must use all available sick leave prior to using vacation leave or leave without pay when the leave is used for FMLA qualifying conditions. Currently, agencies are allowed flexibility in this area. This regulation does exceed the federal regulations in the amount of notice for leave. FMLA requires a 30-day notice from the employee for using leave for FMLA purposes, while K.A.R. 1-9-27 only requires the same notification as stated in K.A.R. 1-9-3. There is no fiscal impact on state agencies based on these changes.

K.A.R. 1-10-6 is being revised and 1-10-8 and 1-10-9 are being revoked to accommodate the governor's 1995 request to review and streamline regulations where possible. State employees will not be affected by the changes to these revised regulations. There is no fiscal impact on

state agencies based on the changes.

K.A.R. 1-11-1 is being revised to accommodate the governor's 1995 request to review and streamline regulations where possible. State employees will not be affected by the changes to this revised regulation. There is no fiscal impact on state agencies based on the changes.

K.A.R. 1-13-1a is being revised and 1-13-2, 1-13-3 and 1-13-4 are being revoked to accommodate the governor's 1995 request to review and streamline regulations where possible. State employees will not be affected by the changes to this revised regulation. There is no fiscal im-

pact on state agencies based on the change.

K.A.R. 1-14-7 and 1-14-10 are being revised and 1-14-6 is being revoked to accommodate the governor's 1995 request to review and streamline regulations where possible. There is no fiscal impact on state agencies based on the changes, K.A.R. 1-14-11 is being revised so that agencies will no longer have to submit a new furlough informational plan each time there is a furlough. This change will allow agencies to be more efficient in handling furloughs when state employees paid by federal funds are furloughed by the federal government. State employees will not be affected by the changes to this revised regulation. There is no fiscal impact on state agencies based on these changes.

Copies of the proposed regulations and the associated economic impact statements may be obtained from the Division of Personnel Services, Room 951-S, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612; or by calling Keith Tate at (913) 296-1082.

Kansas Commission on Governmental Standards and Conduct

Advisory Opinion No. 96-1

Written January 23, 1996, to Marla Barnt, Salina.

This opinion is in response to your letter of December 21, 1995, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct concerning the state level conflict of interest laws (K.S.A. 46-215 et seq.). We note at the outset that the commission's jurisdiction concerning your question is limited to the application of K.S.A. 46-215 et seq., and whether some other statutory system, common law theory or agency rule and regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand you request this opinion in your capacity as a rehabilitation counselor with the Kansas Vocational Rehabilitation Center (KVRC). You advise us that as a rehabilitation counselor, you provide vocational counseling to individuals in need of rehabilitation. These individuals are referred to you by district office counselors. Vocational counseling is done by administering and interpreting vocational assessment tools. Information gathered includes vocational aptitude, interests, skills and personality behaviors. The information is processed, and a report is then written and sent to the individual and district office counselor.

You also advise us that you would like to set up a private business to provide rehabilitation services in the private sector during off-duty hours. These services would entail attending physician visits with a client to obtain medical information regarding the individual's medical needs and how soon his or her maximum medical improvement would be reached. Additional information gathered would consist of when the individual could be released to return to work, and what restrictions would be given.

You state that if one of your private sector clients were to be referred to the KVRC, you would make sure that a different rehabilitation counselor would handle the case. Also, you would not refer individuals to the state for serv-

ices or vice-versa.

Question

Is it a violation of the state level conflict of interest laws for you, during off-duty hours as a State of Kansas rehabilitation counselor, to provide rehabilitation services in the private sector?

Opinion

We have reviewed K.S.A. 46-215 et seq. in its entirety, and two sections apply to your question.

K.S.A. 1995 Supp. 46-233(a) states:

No state officer or employee shall in the capacity as such officer or employee be substantially involved in the preparation of or participate in the making of a contract with any person or business by which such officer or employee is employed or in whose business such officer or employee or any member of such officer's or employee's immediate family has a substantial interest and no such per-

son or business shall enter into any contract where any state officer or employee, acting in such capacity, is a signatory to, has been substantially involved in the preparation of or is a participant in the making of such contract and is employed by such person or business or such officer or employee or any member of such officer's or employee's immediate family has a substantial interest in such person or business. Substantial interest means "substantial interest" as defined by K.S.A. 46-229, and amendments thereto, and any such interest held within the preceding twelve months of the act or event of participating in the preparation of making a contract.

Whenever any individual has, within the preceding two years participated as a state officer or employee in the making of any contract with any person or business, such individual shall not accept employment with such person or business for one year following termination of employ-

ment as a state officer or employee.

K.S.A. 46-235 states:

No state officer or employee shall accept compensation for performance of official duties, other than to which such person is entitled for such performance. No person shall pay or offer to pay any state officer or employee any compensation for performance of official duties, except a state officer or employee performing official duties in making payments to state officers and employees. The receipt of wages or salary from an individual's non-state employer during a period of service as a state officer or employee shall not be construed as compensation for performance of official duties.

In applying these sections to your situation, we understand that you will not participate, in your official capacity as a state employee, in the making of contracts between the state and your private business. Also, the services you will provide in the private sector will be separate, and apart from, your official duties with the state.

Therefore, so long as you do not participate, in the capacity as a state employee, in any contracts between the state and your business (K.S.A. 46-233), and your private services do not overlap with your state duties (K.S.A. 46-235), the situation you describe does not violate the state level conflict of interest laws.

Advisory Opinion No. 96-2

Written January 23, 1996, to Victor Dewey, Yates Center.

This opinion is in response to your letter of January 4, 1996, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct concerning the local level conflict of interest laws (K.S.A. 75-4301 et seq.). We note at the outset that the commission's jurisdiction concerning your question is limited to the application of K.S.A. 75-4301 et seq. Whether some other statutory system, common law theory or agency rule and regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand you request this opinion in your capacity as the Emergency Preparedness Coordinator for Woodson County. You advise us that you are also the chairperson of the Woodson County Democratic Party.

🥴 (continued)

Ouestion

Is it a violation of the local level conflict of interest laws (K.S.A. 75-4301 et seq.) for a county employee to also serve as chairperson of a county political party?

Opinion

We have reviewed the local level conflict of interest laws (K.S.A. 75-4301 et seq.) and nothing in those laws prohibits an individual from serving as both a county employee and as chairperson of a county political party.

Advisory Opinion No. 96-3

Written January 23, 1996, to John D. Petersen, Polsinelli, White, Vardeman & Shalton, Topeka.

This opinion is in response to your letter of January 10, 1996, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct concerning the lobbying provisions of the state level conflict of interest laws (K.S.A. 46-215 et seq.). We note at the outset that the commission's jurisdiction concerning your question is limited to the application of K.S.A. 46-215 et seq., and whether some other statutory system, common law theory or agency rule and regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand you request this opinion in your capacity as a partner in the law firm of Polsinelli, White, Vardeman & Shalton. You advise us that your firm has been retained by a civil litigant in an action against the State of Kansas. You further advise us that any possible settlement options regarding the litigation would entail you being involved in discussions with legislative and/or administrative officials regarding the appropriation of state funds.

You note that K.S.A. 46-225(d) specifically excludes such contact with state officials from the definition of lobbying for claims pending before the Special Committee on Claims. However, you are unclear as to the application of the lobbying provisions where an attorney's contact with the governmental officials would be part of his or her representation of a client in a lawsuit against the state.

Ouestion

Is an attorney representing a client in a lawsuit against the state engaging in the business of lobbying if, as part of that representation, the attorney has contact with state governmental officials regarding the lawsuit?

Opinion

K.S.A. 46-225 states:

(a) "Lobbying" means: (1) Promoting or opposing in any manner action or nonaction by the legislature on any legislative matter or the adoption or nonadoption of any

rule and regulation by any state agency; or

(2) entertaining any state officer or employee or giving any gift, honorarium or payment to a state officer or employee in an aggregate value of \$40 or more within any calendar year, if at any time during such year the person supplying the entertainment, gifts, honoraria or payments has a financial interest in any contract with, or action, proceeding or other matter before the state agency in which such state officer or employee serves, or if such person is the representative of a person having such a financial interest.

(c) "Lobbying" does not include any expenditure from amounts appropriated by the legislature for official hos-

pitality.

(d) "Lobbying" does not include representation of a claimant on a claim filed by the claimant under K.S.A. 46-907 and 46-912 to 46-919, inclusive, and amendments thereto in proceedings before the joint committee on special claims against the state.

(e) "Lobbying" does not include bona fide personal or

business entertaining.

(f) No legislator may be hired as a lobbyist to represent anyone before any state agency.

[When K.S.A. 46-225 was amended in 1991, proper lettering of the statute did not occur and subsection (b) became (a)(2). No subsection (b) now exists in K.S.A. 46-225.]

K.A.R. 19-61-1(a) in pertinent part, defines legislative matters as:

General. Promoting or opposing in any manner action or nonaction by the legislature on any legislative matter

constitutes lobbying.

Legislative matters include any bills, resolutions, nominations, or other issues or proposals pending before the legislature or any committee, subcommittee, or council thereof. An issue or proposal is pending before any such body if it is being directly considered by such body, if it has been communicated to such body or a member thereof even if not directly considered by it, or if it is an issue subject to continuing review by any such body.

The commission believes that an attorney representing a claimant against the State of Kansas is not automatically engaging in the business of "lobbying." However, the lobbying provisions will be triggered when the representation extends to "lobbying" as defined by K.S.A. 46-225.

Turning then to your question, your representation indiscussions with legislators governmental officials regarding the appropriation of state funds. The appropriation of state funds would be a "legislative matter." Therefore, if in your representation you are involved in the promoting or opposing of legislative action or nonaction concerning these funds, you would be lobbying.

In closing, we note that as you stated, K.S.A. 46-225(d) does exclude the representation of a claimant on a claim filed under K.S.A. 46-901 et seq. from the definition of "lobbying." However, this exclusion would only extend to governmental officials involved in the claim as a party, or those legislators who serve on the Joint Committee on Special Claims Against the State. Thus, if you were to contact other governmental officials or legislators in order to help facilitate your client's claim under that section, these contacts would constitute "lobbying."

Advisory Opinion No. 96-4

Written January 23, 1996, to Scott Sewell, Department of Commerce and Housing, Topeka.

This opinion is in response to your letter of January 12, 1996, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct concerning the state level conflict of interest laws (K.S.A. 46-215 et seq.). We note at the outset that the commission's jurisdiction concerning your question is limited to the application of K.S.A. 46-215 et seq., and whether some other statutory system, common law theory or agency rule and regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand you request this opinion in your capacity as the assistant coordinator of the Kansas Main Street Program in the Kansas Department of Commerce and Housing (KDOC&H). You advise us that the Kansas Downtown Development Association (KDDA), which is a nonprofit organization that works to help communities revitalize their downtowns, would like you to provide quasi-staff functions during off-duty hours. In this capacity, you would be maintaining KDDA membership files, planning membership drives and any other miscellaneous tasks.

You further advise us that to your knowledge KDDA does not contract with the state, nor is it licensed, inspected or regulated by the state.

Is it a violation of the state level conflict of interest laws (K.S.A. 46-215 et seq.) for an employee of the Kansas Department of Commerce and Housing to also be employed by the Kansas Downtown Development Association during off-duty hours?

Opinion

We have reviewed K.S.A. 46-215 et seq., and two sections might apply to your situation.

K.S.A. 1995 Supp. 46-233(a) states:

No state officer or employee shall in the capacity as such officer or employee be substantially involved in the preparation of or participate in the making of a contract with any person or business by which such officer or employee is employed or in whose business such officer or employee or any member of such officer's or employee's immediate family has a substantial interest and no such person or business shall enter into any contract where any state officer or employee, acting in such capacity, is a signatory to, has been substantially involved in the preparation of or is a participant in the making of such contract and is employed by such person or business or such officer or employee or any member of such officer's or employee's immediate family has a substantial interest in such person or business. Substantial interest means "substantial interest" as defined by K.S.A. 46-229, and amendments thereto, and any such interest held within the preceding twelve months of the act or event of participating in the preparation of making a contract.

Whenever any individual has, within the preceding two years participated as a state officer or employee in the making of any contract with any person or business, such individual shall not accept employment with such person or business for one year following termination of employment as a state officer or employee.

K.S.A. 46-286(a) states:

No state officer or employee, in the officer's or employee's official capacity, shall participate directly in the licensure, inspection or administration or enforcement of any regulation of or in any contract with any outside organization with which the officer or employee holds a position.

In applying this language to your situation, so long as you do not participate in your capacity as a state official in the making of contracts between the state and the development association (K.S.A. 46-233), and in your state duties you do not license, inspect or regulate the association (K.S.A. 46-286), the situation you describe does not violate the state level conflict of interest laws.

Advisory Opinion No. 96-5

Written January 23, 1996, to all interested persons:

Pursuant to K.S.A. 25-4159, the Kansas Commission on Governmental Standards and Conduct takes the opportunity to issue its opinion on the question of a candidate being required to remove his or her campaign treasurer due to the imposition of a civil penalty under the Kansas Campaign Finance Act (K.S.A. 25-4142 et seq.).

When is a civil penalty imposed such that a candidate is required to remove his or her campaign treasurer?

Opinion

K.S.A. 25-4146 in pertinent part states:

(a) . . . A candidate shall remove any treasurer, that such candidate has appointed, against whom a civil penalty has been imposed pursuant to K.S.A. 25-4152, and amendments thereto.

K.A.R. 19-41-1(b) states:

Any person who is assessed a civil penalty for failing to comply with the registration, filing, and reporting provisions within five (5) days of notice may make written application for a waiver of the penalty within thirty (30) days after receipt of a civil penalty assessment order. Upon receipt of a written application for waiver, the commission shall schedule a public hearing within thirty (30) days in order to receive an explanation from the person as to why the document was not filed in a timely manner. Upon a finding of good cause, the commission may waive at any time any imposed civil penalty.

The commission believes that a civil penalty is not "imposed," for purposes of requiring the candidate to remove his or her campaign treasurer, until all final action is taken concerning the penalty. Thus, for an individual who does not seek a waiver of the civil penalty, the treasurer would have to be removed five days after receiving the civil penalty assessment order. For an individual who did seek a waiver, the treasurer would have to be removed upon completion of the public hearing if the waiver request was denied. The removal requirement would not apply to any treasurer who has his or her penalty waived for good cause by the commission.

Schools—School Attendance, Curriculum and Accreditation—School Term; Exceptions; Attendance at Weekday Bible School. John S. Robb, Counsel for Unified School District No. 373, Newton, February 5, 1996.

We concur with the conclusion expressed in Attorney General Opinion No. 73-242 that Unified School District No. 373 does not violate constitutional provisions when releasing pupils during the school day to attend the Newton Weekday Bible School conducted by interested citizens at a church or other designated location. If the policy of the school district is to have school personnel distribute information and materials regarding organizations seeking pupils for enlistment or to permit representatives of such organizations to distribute information and materials on school district property, the school district would not be permitted to preclude the Newton Weekday Bible School or its representatives from abiding by the policy of the school district by either providing for distribution by school personnel information and materials regarding the Bible school or by having a representative of the Bible school distribute on school property information or materials regarding the Bible school. A child is deemed to be enrolled in and attending school unless the child has been inexcusably absent from school for the number of days set forth in K.S.A. 1995 Supp. 72-1113. It is within the discretion of the unified school district to establish criteria for determining whether a child is inexcusably absent for a significant part of the school day. Counties and County Officers—Jails—County Jails; United States Prisoners; Prisoners on Detainer from Other States. Criminal Procedure—Kansas Code of Criminal Procedure; Arrest—Fugitives From Justice; Confinement in Jail When Necessary. Representative Kenny A. Wilk, 42nd District, Lansing, February 5, 1996.

A county sheriff has the authority and the duty to comply with a warrant issued by a court of the governor acting under K.S.A. 22-2701 et seq. and must detain persons in accordance with the terms of K.S.A. 22-4401 et seq. Absent a warrant issued for arrest, a county sheriff must cooperate with other state authorities in accordance with K.S.A. 22-4403 and take custody of a person wanted by another state. The resulting costs of incarceration incurred by a county detaining a person on behalf of another state may be requested from the demanding state or the defendant, pursuant to K.S.A. 19-1917a, 22-3801, 22-4401 article V(g), or 22-2712. The state seeking ultimate custody of the person detained in Kansas must somehow obtain or possess personal jurisdiction over the individual in question before taking actual physical custody of a person found outside their boundaries. Such jurisdiction may be accomplished pursuant to the provisions of the detainer act and the extradition act. States may not act extra-territorially prior to establishing jurisdiction.
